2016 RESOURCE MIX FOR REMSEN

Remsen's Power Supply Mix

This diverse mix of power supply resources results in reliable, affordable, and environmentally friendly electric service for Remsen's citizens and businesses.

Renewable resources continue to be added to the mix. A small solar project was added in 2016 and a new hydroelectric project is under construction.

HYDROPOWER — our most reliable renewable resource.

WIND POWER — available about 35 percent of the time.

SOLAR POWER — available about 20 percent of the time.
